

Barack Obama, yes you can!
Stop the dirty pipeline plan!

Tar sands kill!
Pipelines spill!

We don't want your dirty oil
Keep the tar sands in the soil!

President Obama, science says:
Keystone fails the climate test!

Hey! Obama!
Stop the Keystone pipeline drama!

(to the tune of 'I love Rock and Roll')
Stop that climate change,
not another dime for the tar sands baby

Don't let the Kochs have their way
Stop the pipeline here today!
